Experience

09.20 – Ongoing
Freelance Graphic & Motion Designer
Independent young man
Design print, motion, interaction, and brand systems for startups and agencies in gaming, tech, fine art, and entertainment.

01.26 – 02.26 / 02.24 – 03.24
Freelance Graphic Designer
Massive Assembly | Los Angeles, CA
Developed brand identity systems for Riot Games' 2024 VALORANT World Championship Tour and League of Legends MSI 26, producing scalable assets for global event branding.

05.23 – 09.23
Graphic Design Intern
Massive Assembly | Los Angeles, CA
Designed a 250-page process book documenting four cinematic projects from concept to final render. Created internal motion assets for presentations and communications.

10.25 – 12.25
Design Residency
Fork | Seoul, Korea
Developed original work with guidance from designer Moonsick Gang from research and experimentation through production and public exhibition.

01.25 – 05.25
Freelance Junior Motion Designer
Hornet | New York, NY
Designed and animated motion graphics for internal and external projects in collaboration with the studio team. Contributed to client-facing work for brands including Apple, Sonic, and Buffalo Wild Wings.

01.25 – 05.25
Freelance Graphic & Motion Designer
10 Summers/DJ Mustard | Los Angeles, CA
Designed brand and identity system for DJ Mustard, including logo, typography, 2D and 3D animation, vinyl album artwork, title cards, and supporting visual assets.
